## THAW IS NOT INSANE

But Jerome is Trying Hard to Block Resumption of the Trial—Will Appeal to Supreme Court.

Associated Press Dispatch.  
New York, April 4.—Henry E. Thaw was declared sane to-day in the supreme court. The decision was handed down from Justice Fitzgerald's desk. District Attorney Jerome was on his feet vigorously protesting against the verdict by the court. He charged that he had been excluded from the last session of the commission and demanded access to the minutes and the stenographic notes of what had happened at the final mental examination of the defendant.

Refused to Meet Demand.  
When Justice Fitzgerald declined to turn the minutes over to Thaw, Jerome declared he would carry the case to the supreme court, and ask that a writ of prohibition or mandamus be granted to prevent a continuance of the Thaw trial. The higher court had ruled upon the legality of the commission's course.

Jerome Wanted His Right.  
Justice Fitzgerald reminded Mr. Jerome that he waived the statutory right of a hearing the last session of the commission by himself suggesting that all the attorneys be excluded from the sitting in question.

He then granted the district attorney an adjournment until Monday morning, so that he might prepare his application to the appellate division. Mr. Jerome protested that the time was too short, but Justice Fitzgerald cut him short with the statement that the trial must be concluded forthwith.

Will Order Resumption of Trial.  
Unless Mr. Jerome could obtain a writ of prohibition in the time, Justice Fitzgerald, it is said, will announce on Monday morning that he has confirmed the decision of the commission, and will order that the trial be continued without further delay. The district attorney and the counsel for the defense will be heard in argument as to the propriety of the report at Monday's session of the court, if they so desire.

After the adjournment to-day Mr. Jerome issued a statement, in which he said he could not wait until a thorough examination of authorities, whether or not he ought to take further action in the way of an application to the supreme court.

Should he reach the conclusion, after examining the law on the subject, that Justice Fitzgerald was not in legal error in refusing him access to the commission's minutes, he said he would of course take no further action. Mr. Jerome declared that if he made application to the higher court, it would be because of the precedent set by Justice Fitzgerald, and not particularly because of the effect in this case.

Thaw Not Present.

There was not in court to hear the decision. The jury which heard the testimony against him was also excluded, and prisoner and jurors were out of hearing of the district attorney's heated discussion with Fitzgerald. All the members of the Thaw family, including the mother and the wife of the defendant, were there, however, and their keen delight over the announcement of the favorable report from the lunacy commission was turned into sorrow when they saw the attitude of the district attorney, whose threat to take the matter before the appellate division of the court seemed to involve another serious delay in the long-drawn-out case. The news of the commission's unanimous verdict as to his present sanity was carried to Thaw by a prisoner's pen. He expressed satisfaction but not surprise.

Was Always Confident.

There has never been a time since the commission was appointed that he has not been fully confident of a favorable decision. He declared to-day that he felt especially lucky because it was the second anniversary of his marriage.

Will Make His Appeal.

New York, April 4.—It was stated authoritatively late to-night that Dis-

The Tragic Termination of a Drunken Carouse in a Shack in a Lane off Elizabeth Street—Alfred Jones Surrenders Himself at 1 o'clock This Afternoon and Declares he Was a Witness to Hood's Murderous Assault on Woods—Murdered Man Struck With Bottle.

Lying with his head battered in, George Woods, aged forty-five years, a well-known carpenter of Edmonton, was this morning found in a shack near the corner of Elizabeth street and Kinsington avenue, where he had been making his home for some time past.

Hood Will Be Charged With Murder.

Under arrest at the police station, all in partly drunken condition, Alfred Jones, John Pepper, Alfred Jones and John Peacock, the first of the men who were living, those comrades of the dead man, John Peacock, William Parks and Pepper proceeded to this home.

New Body Was Found.

They found Victor Hood, the corner on his back. His head was under the bed and rested on an accordion.

Pepper hastened to the police station and told of what had seen.

The Trio Were Intoxicated.

The men were in a partially intoxicated condition as a result of a night's debauch. Pepper was locked up as a witness and Peacock was later put in the cells till he reached a more intelligent condition.

Dead Some Hours.

From the appearance of Woods' body, which was found lying partly under a bed in the corner of the small apartment, death had ensued some hours before. Rigor mortis had set in, and the state of the body from the remains made it impossible to hold an examination till it had been removed to the Alberta Undertaking rooms.

This was the order issued by Coroner Dr. Braithwaite, who, with the body as it lay where it had fallen.

Jack Pepper informed Peacock of the information of the alleged murder was brought to the police station shortly after eight o'clock. The informant was Jack Pepper, a well

condition that they can give more reliable evidence.

Pepper's Story.

John Pepper, who was the only one called by the coroner, lives over Looby's harness store on Jasper avenue, east. When he told his story he showed evidence of having not yet recovered from the effects of a carouse.

"This morning between seven and eight o'clock," he said, "Victor Hood came to the Queen's hotel, and said that he and George Woods had had a row. There were marks on his face and that was the reason that he said as of the row, John Peacock, I think, spoke the words first. He spoke of his being scratched up.

In a josh I asked him what he hit him with, for Hood had hit me some while ago. When he told this question he ran out of the hotel, leaving the key with John Peacock. We thought something was wrong, as Peacock is usually around early. With Parks and Peacock, I went down and found him, as we supposed, dead. Hood did not say when asked what he had hit Geo. Woods with, but just ran out of the hotel.

The deceased George Woods was well known about Edmonton, where he has lived for the past nine years. He came here from Birak, Minn., and has been for some years a small trader in furs. He was occasionally under the influence of liquor, but was not known as a quarrelsome man. Those who know him speak in high terms of his kindness, especially to those who have been ill and needed assistance. He was about forty-five years of age, and leaves one child, who lives in the United States. His wife, according to a story that he told the acquaintances, died some years ago.

Hood is an Ex-Jockey.

Victor Hood, who will be charged with the murder is also a well known resident of Edmonton, where he has lived for the past five years. Previous to that time he was a jockey of Calgary. He will be recognized by many as a horse jockey and starter of horse races at the Edmonton track, in which he has been employed several years ago. He is 29 years of age.

Post Mortem this Afternoon.

A post mortem examination is being held this afternoon by Dr. Braithwaite. One of the police force will be delegated to make a thorough examination of the shack, which is now locked up and under seal.

## MAY BE LAST TO BE SEEN IN CITY

The Trapper's Dog Train Returns North—Did Not Sell His Furs.

Alexander Deserails returns today to Athabasca Landing with his dog train of furs, as he had a reserve for the furs there larger than any he received here.

Although not a very valuable offering of furs, Deserails' advent to Edmonton is noticeable in that this is the first dog-train of furs to be brought in direct from the North in the past three years.

Ten years ago it was a very ordinary occurrence. To-day almost a hundred people turned out Jasper and First street to view the dog-train, which was being photographed as a curiosity, but the fur-traders think that this marks the end of the picturesque dog-train system of transportation here.

Deserails starts back to-day to the Landing with word to the northern trappers that there is no longer any money in bringing their furs past the Landing.

The dog-train of furs driven and towed by an individual in a trap car may never be seen again on the streets of Edmonton.

The frontier line has moved one hundred miles farther north.

STOCKMEN OF THE SOUTH FOR EDMONTON.

Many Live Stock Breeders Will Come to Northern Fair.

Mr. Daly says that the show was a success, and that a large number of the live stock breeders of the south have expressed their intention of exhibiting at the Edmonton Industrial next July.

Mr. Daly says the prices of the bull and horses were below those of last year principally because the sale was so early for the cattlemen, but just right for the horsemen. It has been decided to hold the show another year not earlier than May 15th.

Mr. Daly reports many enquiries from live stock men with regard to Edmonton fair.

## FROM BANFF TO CALGARY

First Government Telephone in Operation Between These Two Places.

The first government owned and operated telephone in Canada was opened for public business in the province last Saturday between Calgary and Banff.

On Saturday afternoon the Albertan had a very interesting conversation over the government telephone with James Grierson, who was at the other end at Banff. The connection was clear and steady and the conversation was a very interesting and enjoyable one. It was the first but one conversation that ever came over the line. The first conversation was between Mr. Grierson and the minister of the Department of Public Works.

Mr. Grierson informed the Albertan over the telephone that the people of the province were very much pleased at the completion of the line. He further stated that the work of completing the exchange itself in Banff would be rushed along, and that many telephones would be put on. He said that in a few days they would establish exchanges in Canmore, Cochrane and some of the lines on the way.

Mr. Morris also spoke to the Albertan and commended the greetings of the people of Banff to the Albertan. He stated that there was still some snow in the mountains, but that Banff was all right. They were very pleased to talk to Calgary.

The opening of this line marks a real letter day in the history of public ownership, and proves the sincerity of the Alberta government to do more than agitate in the matter of relief from the incubus of corporate oppression.

### HOSPITAL ACCOMMODATION.

The proposal of the City Hospital Board to immediately erect an annex, to the present Public Hospital, that will accommodate some fifty additional beds is a wise and timely move. Every day gives additional evidence of how inadequate the present hospital accommodation in this city, and the present crowded condition of all the hospitals would be well nigh intolerable in the summer months.

Not only is the population of the city increasing very rapidly, but the railway construction in its vicinity is going to bring hundreds of men within reach of Edmonton this summer. That many of them will unfortunately require medical attendance is without doubt, and particularly in the case of the railway men, they are away from home and will be in need of hospital accommodation if they chance to get ill.

On the other hand the general health of the city is much improved by proper accommodation for the sick, which is a good reason for public assistance to hospitals. So far in this city all hospital accommodation has been provided by the public spirit, enterprise, and generous charity of private citizens, and the determination of the City Hospital Board to temporarily increase their present accommodation, though the burden of an entirely new building is upon their shoulders, shows that they are alive to the requirements of the hour, and in doing so are performing a very important public service to the city.

### NOTE AND COMMENT.

Sir Wilfrid Laurier will not let Parliament be a police court nor a private detective bureau.

Disasters never come unaccompanied. There was the earthquake and Ruel for France.

Notwithstanding Mr. Fowler has not yet explained away the relations of the famous syndicate of three.

It's up to Fowler, Foster and Bennett to have their relations with Dan Mann examined by the committee on privileges and election.

The Russian Duma goes one better than the legislation of this country. Instead of a bill fight it will close with a bomb fight.

Before Mr. Foster can reply to the Insurance Commission he needs to wipe the ten commandments of the state.

Meanwhile we are awaiting Mr. Foster's reply to the investigations of the Insurance Commission upon that petriol business of finance.

Let it be well understood that public life in Canada is decent and has its ideals, and that the honor of Parliament does not require that for its vindication that every lewd rumor heard on the street is a matter for a disciplinary committee.

The Conservatives voted for Bourassa's resolution but they breathed a mighty lot of fire when it was introduced.

Texas has a new law against punishing under the terms of which participants in the afternoon progressive euchre party may be sent to jail for thirty days. And this is American liberty.

Wall street has learned it is not the tail that wag the dog anymore.

Isn't getting pretty near time to shovel the snow off your front sidewalk.

Those people who petitioned the legislature for shorter hours for the sale of liquors should go to the very root of the matter and agitate for shorter throats and smaller shoulders.

Sir Wilfrid Laurier will attend the Colonial Conference. Our only fear for him is his digestion. Those English people will try to convince him by dinner.

A newspaper dispatch from Cuba says the Liberal party in that sunny land. Cuba must be at sea and intelligent a land in Alberta.

In the year 2010 the universities of America will be conferring honorary degrees upon antiquarians for interpreting and translating the baseball language of the twentieth century, e.g., "Brown batted for two pillows."

The Calgary Herald has just been a trifle more extreme in its partisan opinions, if that be possible, since its professions of independence.

It is asserted that there is more building going on in Calgary this year than was in progress at any time last summer. This is an evidence of faith in the West.

Calgary has three daily papers for the last week and the promise is that they will be there for all time. The new Daily News is a bright new paper, and is a pretty clear evidence that "Dan" McGillivray's wit has not dulled with years.

### THEATRE PLACED UNDER BAN.

At First Ignored It But Later Took Off Offensive Play. Montreal, April 4.—On Sunday last, Archbishop Brodeur issued a pastoral letter placing the French theatre in Quebec, under the ban for playing the French play the "La Riffe." The theatre authorities took no notice and on Monday night the theatre was crowded to the doors, but after further consideration they decided to withdraw the play and made an apology to His Grace. It is also arranged that the Archbishop in future will be censor of all plays produced in this theatre.

### MORE LABOR THAN REQUIRED.

In Winnipeg Owing to Exceptional Conditions Prevailing. Associated Press Dispatch. Winnipeg, April 4.—Owing to a large number of immigrants coming to the city and the return of bushmen to town, the supply of labor far exceeds the demand for the present, although in about two weeks when railway and building construction starts, there will be work for all who wish it. He estimates that 80,000 men will be needed in Western Canada this summer.

### ONTARIO CABINET INCREASES THEIR SALARIES.

Toronto, April 4.—A bill to increase the cabinet ministers' salaries was introduced in the Ontario Legislature today. Under it Premier Whitney gets \$10,000, the attorney general \$7,000, including the seasonal indemnity. Geo. F. Graham leader of the Opposition supported the increases, but said he would refuse any salary in his position.

### FIVE MILLIONS TO DEFEAT ROOSEVELT.

Hearst, Harrison and Rockefeller Are After His Scalp. Associated Press Dispatch. London, D.C., April 4.—It is said on authority at the White House today that there is ample evidence for the claim President Roosevelt holds, that there is a movement afoot to defeat his policies in the next congress, and in the next national convention. It is declared that the Hearst, Harrison, Rockefeller combination has already a fund of five million dollars with which to carry on its campaign in opposition to the President.

### SPELLING REFORM PROMOTERS IN ANNUAL SESSION.

Associated Press Dispatch. New York, April 4.—The Simplified Spelling Board, at the annual meeting today, appointed a committee consisting of President David Starr Jordan, of Leland State University, Professor President James W. Wright and Benj. F. Smith, to consider the advisability of appointing an advisory board to be consulted as the adoption of changes in spelling.

### FARMER BURNED WITH HIS HOUSE.

Associated Press Dispatch. Birmingham, N.Y., April 4.—A Woughter, a farmer, living near Campville was burned to death today in a fire which destroyed totally his home, barn and buildings. The fire first started in the field and everything in its path.

### MAKING HONOR RUN.

Associated Press Dispatch. Winnipeg, April 2.—Oreana Limited train of Canadian Pacific Railway is being hurried eastward to help having reached here at 10 o'clock. Train was late leaving

Vancouver, where it awaited over 24 hours. It got away from western terminus 15 hours and 30 minutes late, which time it was ordered to make up without fail on eastward journey.

Two hours of the twelve were made up between Vancouver and Medicine Hat, where the train was reported 10 hours and 30 minutes behind schedule. It was estimated from Medicine Hat good time has been made. Now it is but 8 hours and 30 minutes behind the schedule, and should nothing of an extraordinary nature occur, there will be no difficulty in making up the balance of time on the way east.

### HORSE BREEDERS OF ALBERTA.

Association Elects Officers at Calgary Meeting.

The annual meeting of the Alberta Horse Breeders' association was held last Tuesday evening, April 2nd, in the Board of Trade building, Calgary. There was a large and interested attendance of practical horse breeders present from all parts of Alberta. President J. A. Turner occupied the chair.

The President and Treasurer's reports were adopted. A decision was arrived at to affiliate with the Canadian National Live Stock association.

The section of officers of the Alberta Horse Breeders' association for 1907-08 was then proceeded with. President—J. A. Turner. Vice-President—D. Thorburn. Secretary—J. W. Inge.

Five General Directors. Clydesdale—E. C. Hallman. Shires—E. Hoadley. Percherons—Geo. F. Root. Hackneys—W. Mood. Thoroughbreds—Capt. Ingalls. Coach breeds—G. E. Goddard. Standard breeds—F. G. Connell. Pointers—J. W. Inge.

Five General Directors. D. R. Stewart, Edmonton. B. Wright. J. K. Thompson. J. Bailester. Dr. Warnock, Pincher Creek.

It was decided to ask that the Breed Society meetings and the Canadian National Live Stock association meetings be held after the Grange Fat Stock show, so that the western breeders could take advantage of the favorable rates.

A general discussion ensued regarding a multiplicity of matters affecting the association, most of which, including the date of the show, arrangement of prize list, etc., were left to the care of the executive.

Amongst those present at the meeting were: G. E. Goddard, Cochrane; David Carberry, Seven Persons; B. Wright, De Winton; W. Mood, De Winton; Thos. MacMillan, Lindeau; P. G. Connell, Okotoks; D. Thorburn, Davisburg; A. McIntosh, De Winton; James Jones, Calgary; J. Hallman, Aldrich; J. A. Turner, Calgary; A. McIntosh, De Winton; F. W. Inge, Nanaimo; G. F. Root, W. S. Herron, Okotoks; W. Moodie.

### The Financial Statement.

The financial statement presented shows a deficit of \$436.87. The annual government grant of \$300 has been entirely inadequate to make it possible to keep the association out of debt. Application has been made to the provincial government to have this grant increased to \$400 per year. The association has the assurance of the government that the request will be met. The Dominion government grant, which has in the past, under an arrangement between the Dominion and Territorial Departments of Agriculture, been used in part payment of an assistant secretary, will now be divided between the Cattle Breeders' association, Horse Breeders' association, and Fat Stock show; and any charge for additional assistant will be made direct on the association. This grant was originally made in aid of the annual auction sale of cattle, and as one-third of the \$300 will now be credited to the Horse Breeders' association, it is hoped that with the additional grant from the Alberta government the association will be able to wipe off the deficit within two or three years.

### Resignation of Mr. Peterson.

During the year, Mr. Peterson, the former secretary, found it necessary to resign in order to take on other duties. Mr. Peterson was largely responsible for the organization of the association, seven years ago, and through his efforts the association has accomplished a very great deal of good. It was, therefore, with a great deal of regret that the directors accepted his resignation, and in order to still retain Mr. Peterson's interest and support, and as a slight acknowledgment of appreciation of his services, appointed him honorary secretary and life member of the association. R.

L. Richardson, who acted as acting secretary since the organization of the association, was appointed his successor.

### DESIRE TIME FOR SPIRITUAL THOUGHT.

Reason for Mrs. Eddy Handling Over Her Estate to Trustees. Associated Press Dispatch. Concord, N.H., April 4.—Mrs. Mary Baker Eddy issued a personal note to-night bearing on her appointment of trustees to handle her estate, as announced in the motion filed in the Supreme court supreme court yesterday, in the action brought to compel an accounting of her property.

This note, which was sent out from "Pleasant View," bearing the signature of Mrs. Eddy and as follows: "I am well pleased to say that the following members constitute the board of trustees who will own my property." (1) Henry M. Baker, who was a suit at law in Washington, D.C., for which it is alleged he was paid the highest fee ever received by a native of New Hampshire; (2) Archibald McLean, editor-in-chief of the Christian Science periodicals circulating in the five grand divisions of our globe, also in Canada and Australia; (3) Josiah E. Fernald, justice of the peace and president of the National State Capital Bank, Concord, N.H. To my afore-said trustees, I have committed the hard earnings of my pen, the fruit of my honest toil, the labor that is known by its fruits bending the human race, and I have done so that I may have more peace and time for spiritual thought and the higher criticism."

The counsel for the plaintiffs in the Eddy case, said, in a statement today, that it appeared to them that Mr. Streeter, personal counsel for Mrs. Eddy, and those who have charge of her, have after mature deliberation, arrived at the same conclusion as to the incapacity of Mrs. Eddy to manage her business affairs. Her son came to the same conclusion when he saw her in January last.

## THE STOCK OF ALBERTA

Fine Collection of Horses, Cattle and Swine at Calgary Spring Show

By the excellent exhibition of horses and cattle at the Victoria Park yesterday, the opening day, the Alberta Live Stock Association scored a grand success and left no room for any doubt regarding the high quality of animals that can be raised all over this, the premier live stock raising province in the broad Dominion. All day the grounds were thronged with crowds of people who were interested spectators beside the judging ring and lined up on either side of the road where the light driving and riding horses were being put through their paces. The weather was not too balmy. It is in this breeding climate that the best horses and cattle in America, or indeed in the world are reared, and judging by the showing made yesterday will be for some time to come.

Although all the horses attracted favorable comment the huge Clydesdales were probably the most admired. These proud animals as they were led out by their owners, snorting and prancing, their great necks beautifully arched, their nostrils quivering, and their eyes flashing, were indeed a sight to be admired and long remembered. The Percherons, built on much the same lines, also came in for their full share of praise. Without a doubt the best looking animal of that class even in local shows for some time in the big black beauty Potkin, belonging to Baron Pinner, of this city. Words are inadequate to describe the singular beauty of this great steed, but to those who saw him no description is needed. He had no mean opponent in Trane, the other animal entered in the same class but he added another to his already long list of wins yesterday.

The Hackneys made a grand display. The majority were in good condition, and, like every horse on the grounds, in the short class. As they stepped majestically past the keen eyes it would be difficult to imagine any more perfect specimens of horse flesh, and it some of the big eastern buyers could have seen the high standards they would never have rested until they had purchased them.

The thoroughbreds were a fine, clean limbed lot and it was hard to discriminate among them all coming up to a high standard. It is evident that standard bred trotters and pacers capable of holding their own on any speedway or any park are bred around Calgary. They, with the roadsters and carriage horses, created a lasting impression on the minds of critical spectators. Of course, the smaller ponies had their innings, and, ridden to perfection, they impressed one with the fact that their equals would be hard to find out of Alberta.

**The Cattle Feature.**  
But the show is by no means confined to the horses, good as these are. The cattle play a very important part in it. In the large new building at the eastern end of the grounds may be seen scores of cattle, of all classes, cations, looking only as it is possible for cattle that have been raised on the Alberta ranches to look. Tied side by side in long rows, sleek and fat, they look in as prime condition as it is possible for them to be, although no doubt in a couple of months they will be even better than at present. There is one singular fact about these bulls. Some of them may look fierce to the uninitiated, but just try and handle one. With very few exceptions they appear glad of the attention and offer no resistance to the action whatever. Naturally the cows are tractable enough for even the city visitor, but their attractiveness does not end there. They rival the remainder of the animals in appearance and a look at them will convince the stranger from the east and west that the severity of the northwest winter is greatly overrated and that it has no appreciable effect on the condition of the animals.

**The Other Animals.**  
The sheep and swine are fully up to the standard of the show, and to say that is itself ample recommendation of their quality. Both of these breeds were raised on the plains of Alberta and are therefore in a class by themselves. Their appearance is ample evidence of the care and attention they receive from the energetic ranchers and the feed provided on the ranges of the province.

**The Prize Winners.**  
Now for the prize winners, the animals which were led past the admiring

crowd by proud owners and whose qualities will be extolled to the skies to the neighbors. Among the magnificent Clydesdales, four years old and over, Consul, owned by F. Redding, captured the first place; Charming Prince, owned by R. W. Metcalfe, of Cochrane, second; Gold Medal, owned by James Jones, of Calgary, third; General Moore, owned by George Headley, of Okotoks, fourth; Favorite Blend, owned by David McGill, of Seven Persons, fifth; and Dignity, owned by J. R. Hinchey, of High River, sixth.

The three year old first was taken by Royal King, owned by John A. G. Connell, second and Glenroy, owned by George Headley, third. J. Hallman & Son's Ringleader was first in the two year old stallion class. Hilarity, owned by W. Moodie, took first place in the yearling filly class. Championships were awarded to W. Moodie for stallion, Agility, P. G. Connell's stallion, Amos, and W. Moodie's mare Hilarity. In each case medals were given, which are emblematic of the provincial championship.

P. G. Connell's pretty team of roadsters, Ravenna and The Ravalli, took first place in the roadster class for teams. Their appearance was very creditable and both had a good turn of speed. The team belonging to F. E. Goodford, of Cochrane, got second place, and J. Hallman & Son's team third place.

Ravanna, in harness to a single vehicle, was the winner of the single driver class. L. A. Scott's handsome peer second, and The Ravalli, third, all three drivers looked well and their road work was excellent.

First and second prizes in the grade yearling class were won by Everette and Granite Coast, respectively, both colts being the property of P. G. Connell.

G. E. Goodard's saddle pony was judged the best in that class, with G. Connell's best second. In the 142 or over class Pokisko, owned by A. C. Shakerley, of Pokisko, was first, and G. E. Goodard's pony second.

**The Fat Stock Contest.**  
The fat stock judging was a matter of careful discrimination on the part of the judges as the cattle were all excellent and there was little to choose among them. Nettie, owned by W. H. Lacombe, of Lacombe, was first in the short horn class; Fairy Belle, also owned by W. H. Lacombe, second; Riverside, the property of P. Turner, of Wetaskiwin, third, and Roan Ella, owned by J. Wilson, of Innisfail, fourth.

In the class for steers, three years old and under five, and cow, three years and under four, Lady Edmonton, owned by R. R. English, of Warwick, was first.

Juanita, owned by R. K. Bennet, of Calgary, was the winner of the first award for the steer or heifer two year old class. Alberta King was the appropriate name of the winner of the short horn bull three year old and over class, owned by A. W. Leimner, of Bowden. R. Pratt, of De Winton, claimed the second, Nonpareil Victor, owned by D. Sinclair, of Innisfail, third; Royal Morning, owned by John Bannister, of Priddy, fourth, and Clear the Way, owned by J. W. Mohler, fifth.

In the two year old class Reliance, owned by H. W. Metcalfe, of Lacombe, was first; Beau Brummel, owned by Bryce Wright, of De Winton, second; and Bobbie Burns, owned by J. L. Walters, of Haynes, third.

**Champion Shearhorns.**  
The championship among short-horn bulls was won by Farmer, owned by James Sharp, of Lacombe. The awards in the three year old class of Hereford bulls were: Holspur, owned by S. M. Mann, of Pokisko; first; King of Moscow, owned by P. F. Huntley, second; Captain Mac, owned by Patrick Turner, of Wetaskiwin, third, and Rodney, owned by P. F. Huntley, of Lacombe, fourth.

The prizes in the two-year-old class were won by Sir Brodwell, owned by Parker and Fraser, of Lacombe; first; Sir Brodwell second, Big Enough, owned by Oswald Palmer, of Lacombe; third; Robin Auld, owned by A. Fletcher, Mound, fourth; and Jona, owned by Oswald Palmer, fifth.

Under eighteen months, Sir Brodwell, owned by Parker and Fraser, was first; and Jack, owned by J. H. Hinchey, second. In the steer or heifer under two years class, Miss Trout, owned by E. J. Hinchey, was first.

### ENGLISH HOCKEY CHAMPIONSHIP.

Canadian Team on Which an Edmonton Player Figured Lands the Honor.

Impossible though it may seem it is none the less a fact that the team to land the highest hockey honors in England this winter was an all Canadian aggregation and one of the stars of the Winnipeg team was Ralph Bellamy, son of Mr. and Mrs. T. Bellamy of this city, who is attending Oxford University having captured the Rhodes scholarship for the Northwest two years ago.

Young Bellamy learned the game in Edmonton and the last year he was in the city he made a great showing at co-vo-point with the seniors. The letter containing the news of the Canadians' triumph reached Jas. A. McKinnon, vice-president of the Edmonton club yesterday and reads as follows:

"It may interest you to know that to-night the Oxford Canadians became the hockey champions of Europe by defeating Prince's club of London. Prince's this winter defeated the various clubs of the continent and were magnanimous enough to offer to play us for a cup and the championship. And great enthusiasm we won by a score of 3 to 2. Our team included two Newfoundlanders, one man from Nova Scotia, one from Ontario and myself."

The letter was written March 16th and the writer says the victory was fittingly celebrated by the students. Mr. Bellamy left the following day on a trip to Italy.

## Strathcona

**NEW CITY OFFICES.**  
Strathcona will shortly move her city offices including that of the Secretary Treasurer and City Engineer to the new offices over the Douglas Bros.' store at the corner of Whyte Avenue and Main Street. Quarters at that place have been procured at the rate of \$40 per month. The size of the entire new space will be 30x70 feet.

This change is a result of the recommendation of the fire and light committee, that the fire hall be handed exclusively over to the fire brigade for fire purposes, police headquarters and weighmaster's offices. The hall will be remodelled to suit the above services, and provisions will also be made for a fire team when it is purchased by the city.

## BUILDING INSPECTOR

At the special meeting of the Strathcona City Council last night G. H. Davies, late of Moose Jaw, was appointed building and plumbing inspector at the rate of \$50 per month. Mr. Davies has good references, and was tendered as architect on the plans for the Strathcona and the Edmonton public hospital. He will enter upon his work at once.

## STRATHCONA'S NEW ASSESSOR.

The new assessor for the city of Strathcona will be J. D. Foster, of the firm of Hulbert & Foster. His selection was made unanimously last night, after some discussion, from among six applicants who were looking for the position.

Before the question was put Ald. McKenzie, in expressing some hesitancy in dealing with the question, remarked:

"I don't object, but the public may, and call it graft, as Hulbert is a partner of the new man. There is no doubt that the salaries will be divided, as Hulbert divided them last year. I don't think Mr. Foster could employ Mr. Hulbert to assist him. Mr. Foster has assessed the town twice already.

Ald. McFarland—"He is acquainted with the work better than anyone else."

The mayor—"Mr. McKenzie is not objecting to Mr. Foster but to the complications that may ensue."

Mr. McFarland—"Trying to keep the skirts of the council clean, that is all."

The motion was unanimously carried.

## STRATHCONA TO HAVE COMMISSIONER.

The Strathcona City Council have decided that the executive work of the city business shall be transacted by two commissioners from the council itself. This decision was arrived at last night after considerable discussion Ald. McFarland and McKenzie opposing the idea for this year.

When the question was brought up in committee of the whole, Ald. McFarland opened the discussion by inquiring what the business of the commissioner was to be, anyhow.

The mayor pointed out what this officer or officers were to do. It is now hard to get committees together to do the present necessary work. Commissioner system is working well in Red Deer. He would rather not see any money spent than imprudently. Committee would still meet by the officer would do routine work. Business ought to be attended to more promptly than at present. The appointee should do the entire work whether it takes all or half his time. He had been watching the Edmonton commission and found it was doing good work.

Councillor McFarland—"The council is not in the same class there as the commissioners. They are more practical men than the council."

On a vote being taken in committee on the question of one or two commissioners, it was decided that there should be two, Councillors McFarland and McKenzie dissenting.

The report was referred back to the finance committee for further report.

## STREET RAILWAY TO STRATHCONA.

As a result of the surveys to Strathcona a very favorable grade for the proposed street railway has been located, the maximum grade being 0.3 per cent. The estimated cost of the line from the corner of Ninth and Jasper to the C.P.R. station, Strathcona, is \$77,000.

The proposed railway will be utilized as a belt line with the high level bridge, should a traffic section be constructed in connection with the latter, and the commissioners are of the opinion that it would be a good paying proposition. An exclusive franchise would not be asked, but only the privilege of laying tracks on the streets of the southern city.

### CHURCH CLUB POPULAR.

There was a splendid attendance at the meeting of All Saints' Recreation club last night. Rev. H. A. Gray, the president, occupied the chair, and addressed the meeting as to the aims and objects of the club.

It is intended to take up as many branches of sport as possible as the seasons go on, and the nature of the recreations change. At present football is the game that attracts the largest number of spectators.

It is hoped that the foundation of a large and successful club has been laid; the larger the number of members the greater the number of sports that can be taken up. All young men interested are invited to become members, and can be enrolled at the next meeting which will be held next Wednesday evening at eight o'clock in the schoolhouse or by applying to the secretary, H. A. Howland, at the Hudson Bay accountant's offices.

### SUMMERS STOCK COMPANY.

The enormous business done by George H. Summers and his big stock company all along the line from Toronto to the coast is but a just tribute to the best organization of its kind in existence. Equipped with every requisite to success, it is giving its patrons more for the money than was ever attempted by any similar attraction, and the management is reaping its reward for keeping faith with the public. With 17 people, 5 big vaudeville features, and a car load of scenery and effects, and a repertoire of plays never seen outside the large cities, Mr. Summers will open his engagement at Edmonton opera house Monday in the clever comedy, "Mrs. Temple's Telegram," no waits between acts.

In the two year old class Cherub's Pride, owned by John A. Turner, of Calgary, was first, and Oreo Fortune, owned by J. B. Hinchaw, of High River, second.

The yearlings, a fine bunch, were classed as follows: Bonnie Crown, owned by W. Moodie, of DelWinton, first; Peggy Blood, owned by D. McKernacher, of Medicine Hat, second; Everard's Prince, owned by J. A. Turner, of this city, third; and Mac-Kinney, owned by James Jones, also of this city, fourth.

A special prize for Clydesdale mares, three year old and over, offered by the Canadian Clydesdale Breeders' Association, was captured by Rustler, a local mare, owned by J. A. Turner; Polly Chatten, owned by Bryce Wright, DelWinton, second; Lily Larkie, owned by D. Thorburn, of Davidburg, third; and Boral Belle, owned by Bryce Wright, fourth.

For the best two year old filly, Baron's Black Bee was the special prize donated by the association. D. Thorburn's Lily Gairly was second and George Hoadley's Wethers' Bride third.

There was also a special prize for the best yearling filly. This was won by J. A. Turner's Bay Filly, with Lady Susan, the property of D. Carrell, second, and Marchioness of Albia, third.

### A Goshawk Triumph.

The association offered a special prize for the best Clydesdale stallion, three year old and over, in Canada. This was captured by R. W. Minkola's Charming Prince, after hard competition. J. A. Turner's Everard's Prince was second, Springfield King, belonging to H. L. Griggs, of Jacksonville, third, and W. Moodie's Rustler fourth.

The Light Horses.

The light horses were examined on the stretch of road running through the centre of the grounds. The first were the thoroughbreds, three year old stallions. George Hoadley's Indian Chief, a four year old, was awarded first; Kamloops, owned by F. G. Connell, of Okotoks, second.

Mr. Connell's yearling filly, Hillside Queen, captured the ribbon in this class.

The standard breeds were a nice lot and showed the evidence of blue blood which is further borne out by a glance at their pedigrees. Amos I, owned by Mr. Connell, was first in this class; Conqueror, owned by E. W. King, Calgary, second; and Stanley D, also owned by Mr. King, third.

Mr. Connell's two yearling stallions, standard bred, Hillside Thorn and Hillside Leader, won first and second places respectively. In the yearling filly class Hillside Beauty, another colt of Mr. Connell, took the first prize.

One of the finest sights of the exhibition was the judging of the hackneys. These splendid animals were a grand sight as they swept up and down the road, their attendants running at their sides. The action, both fore and aft, was, in some cases, of most perfection. Agility, owned by W. Moody, was first in the three year old stallion class; Alert, owned by F. D. Adams, was first, Wood Nymph, owned by R. Bennett, second; and Spencerville, owned by Hugh McPherson, third.

The best pure bred Hereford in the four year old class for cows was Tenth, owned by S. M. Mason, of Pekiako.

Among the Galloways and Friesian Angus steers and cows June of Qu'Appelle, owned by E. D. Adams, was awarded first place.

The best sheep medium wools were owned by J. A. Turner, of Calgary, and C. W. Peterson, also of Calgary. In the ewe or wether lamb competition, sheep belonging to H. W. Watkins, of Okla, O. E. Brown of Calgary were the winners.

The silver medal for the championship of all classes of sheep was won by H. W. Watkins' sheep.

In the Swine Class.

There was a very creditable number of entries in the different classes of swine, and some fine porkers attended to care in breeding by the Alberta ranchers. In the barrow or sow class, under a year old, Boliver, belonging to L. Hutchison, was first, and Zero, also the property of Mr. Hutchison, second.

The pure bred Yorkshires were a good looking bunch. W. J. Trullis was the owner of the winners of the first prize, and A. F. McGill of the second prize winners in the barrow and sow class.

The prize winners in the barrow and sow class in ordinary sows were won by H. W. Watkins, C. W. Peterson and W. J. Trullis, of Calgary.

Lord Vernon owned by E. D. Adams, of Millerville, won the open competition for Galloway bulls, any age, with Black Alexander second.

In the evening two very interesting lectures on Shorthorn and Angus cattle were delivered by Messrs. Murray and McKee.

The lectures were all the more entertaining and instructive because of the fact that they were illustrated and explained on living subjects.
